

FRIEDMAN DINER

The Friedman is a modern handmade convertible diner manufactured to the highest standards in solid wood with square legs. This table has very straight bold lines and is of a very minimalistic design. The leaves have a skirt which hide the pockets completely to give a solid looking dining surface.

The table has a precision ground Italian slate bed to guarantee a flat playing surface, it is fitted with a solid brass dual-height rise and fall mechanism and levelling system to raise and lower the table easily between playing and dining height. Genuine English moulded leather covers the pocket plates and the cotton bag net pockets can be hidden away when in the dining position.

The table is polished to a high quality durable finish in a choice of colours and also has a range of cloth colours to choose from. Only available with decorative veneered dining tops.

AVAILABLE PLAYING SIZES		IDEAL ROOM SIZE REQUIRED	
6' x 3'	(183 x 91.5cm)	(Without other furniture)
